

A MOUNTAIN SUNSET

© Patrick J. Simons 2018

Sun beams exploding
Behind giant
Jagged teeth
Tearing at the sky,
The human spirit
Humbled to
Insignificance,
Brilliant,
Exaggerated,
Ever shifting color,
A silent symphony
Written in light,
The performance
Reflected in water
As still as death,
Spirit shifting emotion,
The chill quickening
With the fading light,
The silence broken,
Creatures of
The night
Making their
Presence known,
The muskrat swims,
The owl calls,
A distant wolf
Pledges undying love
To the moon,
Should the sun
Never rise again,
No regrets,
This was good enough.
